Merry Christmas and Happy Holidays from OACAC!!

The Ozarks Area Community Action Corporation (OACAC) works hard assisting low-income families living in the Ozarks to reach financial self-sufficiency and stability. In 2006, OACAC was able to assist over 42,000 households through its seven programs; Head Start, Neighborhood Centers, Low-Income Home Energy Assistance Program (LIHEAP), Weatherization, Foster Grandparents, Housing Assistance, and Family Planning. This would not have been possible without the constant support and dedication from you and our other community partners!

For the past three years, many community partners have chosen to share their holiday cheer with the children in the Head Start program to ensure that they were provided with the necessary dental care and treatment to maintain their healthy smiles. Thanks to their generosity over the past three years, many needy children have received reconstructive dental care and treatment. *Holiday Smiles donations make it possible for children to enjoy a day without pain. OACAC Head Start is very grateful to all the wonderful people of the Ozarks who care about children.*

During the 2007 holiday season, members of our community will again open their hearts to those in need. If you would like to make a tax-deductible donation to The Holiday Smiles for Head Start Project, we would be very grateful. Your gift will enable a child to receive much needed dental care and treatment this coming year. Our families are honored to receive support and encouragement from their community.

If you wish to support another OACAC Program this Holiday season, please indicate your desire on the enclosed donation envelope. Each and every gift is greatly appreciated and will be appropriately recognized. You may also make a donation in honor of a friend or family member, making your gift to them this year even more special.

On behalf of OACAC and those we serve, we wish you and yours a very Happy and Healthy Holiday Season!

Cordially,

Carl Rosenkranz
Executive Director

Donations made to Ozarks Area Community Action Corporation are tax-deductible.
